Andr hn-Schiptjenko proudly presents the first extensive solo show with works by Siri Derkert. The opening takes place on Thursday, November 13, 5-8 pm. Siri Derkert (1888 1973) is known for her highly personal expressionist style and for her monumental public commissions, often of a political nature. She is one of the few prominent female artists in Swedish art history. Her most well known works are perhaps   Carvings in Natural Concrete   at the subway station   stermalmstorg (1961-65) and   The Sweden Wall   (1967) on the wall of the Sweden House, both in Stockholm.
