Partners in Public Service: Government-Nonprofit Relations in the Modern Welfare State Lester M. Salamon

Partners in Public Service brings together some of Lester Salamon's most important work on the changing relationship between government and the voluntary sector in the American version of the modern welfare state. Approaching issues from a variety of perspectives, Salamon covers topics such as the theoretical basis of government-nonprofit cooperation and recent efforts to cut federal spending.

His unique research (More). Partners in Public Service: Government-Nonprofit Relations in the Modern Welfare State. Article. Jan 1995. This article puts the current cooperative pattern of state-nonprofit relations in France into historical context against the country's statist past and suggests the implications this experience may have for other countries that share the statist background that France, perhaps in somewhat different form, also embodies. To do so, the discussion first reviews the current shape of the French nonprofit sector and the substantial scope and structure of government support of nonprofit human service delivery that exists. Government-Nonprofit Relations. The early influences of religion in the New England settlements on the structures and functions of early colonial America led the framers of the Constitution to put in checks and balances to check the power that religion, religious institutions, and religious leaders could have upon government. The role of religion in the shaping of early American governments was considered by the framers of the U.S. Constitution and incorporated into the First Amendment, which called for the separation of church and state. Early social service organizations operating outside of the scope of formal government laid the foundation for the modern welfare state.
