See All Buying Options. Simon Susen examines the impact of the 'postmodern turn' on the contemporary social sciences. On the basis of an innovative five-dimensional approach, this study provides a systematic, comprehensive, and critical account of the legacy of the 'postmodern turn', notably in terms of its continuing. It is a book that could find a thankful reader in anyone requiring a systematic review of the projects of modernity and postmodernism, and their relative strengths and weaknesses. (Sarah Burton, LSE Review of Books, blogs.lse.ac.uk, November, 2015). The 'Postmodern Turn' in the Social Sciences presents an authoritative treatment of a significant phenomenon.
