Jane Austen's six short novels, with a volume of letters and a handful of juvenilia and fragments, have given rise to a stream of critical commentary which, starting quietly enough in her own lifetime and hardly increasing in the course of the nineteenth century, has in our own generation swollen to a mighty torrent. At times, indeed, its rushing and roaring threatens to drown the author's own voice; and it may well be wondered whether there is just cause for yet another full-length study of the modest oeuvre of this novelist, whom Ian Watt has aptly described as "the most lucid and the least

This Jane Austen blog brings Jane Austen, her novels, and the Regency Period alive through food, dress, social customs, and other 19th C. historical details related to this topic. Feeds: Posts. Comments. « Interview with Lori Smith, Author of *A Walk With Jane Austen*. *The Year Without a Summer in Jane Austen's Life*. » The post reviews a book, *The Language of Jane Austen: A Study of Some Aspects of her Vocabulary* (1991) by Myra Stokes. Ms. Stokes discusses, for example, that "morning calling hours" generally did not occur before noon*, that the words "London" and "Town" were often interchangeable, or that being sent up or down meant in relation to one's position in London, not whether one was heading south. I won't go into much more detail, for the post is worth reading. Jane Austen, Jane. I. INTRODUCTION Austen, Jane (1775-1817), English novelist, noted for her witty studies of early-19th-century English society. With meticulous detail, Austen portrayed the quiet, day-to-day life of members of the upper middle class. Her works combine romantic comedy with social satire and psychological insight. Two common themes in Austen's books are the loss of illusions"usually leading characters to a more mature outlook"and the clash between traditional moral ideals and the everyday demands of life. In most of her novels, her characters correct their faults th
