Product details. Series: Pictorial History of Accidents on the Main Line.Â Being a retired railroader familiar with the odd chance of a wreck or derailment, in an otherwise routine and disciplined industry, the depth of explanation should have had more emphasis on explanation rather than photos. The book also has little description of railroad line names, and the geographic extent of each railroad's system layout. It also is silent on the world's worst circus train wreck (Michigan Central, June 22, 1918, at Ivanhoe, Indiana). Warren Reed's boook "No performancesces today" is excellent regarding this disaster.
