Sir Walter Scott was born on 15 August 1771, in a small third floor flat in College Wynd in Edinburgh's Old Town. Scott was the ninth child of Anne Rutherford and Walter Scott, a solicitor and member of the private Scottish society known as the Writers of the Signet, so called for their entitlement to use the Scottish King's seal "known as the signet" when drawing up legal documents. Whilst the Scott's home near the University was a popular area for lecturers and professionals like Scott's father to live, in reality the small, overcrowded alleyway saw little natural light and clean air and s Sir Walter Scott 1771-1832. Scottish novelist, poet, short story writer, biographer, historian, critic, and editor. See also *Ivanhoe Criticism*, *Sir Walter Scott Poetry Criticism*, and *Waverley*; or, *'Tis Sixty Years Since Criticism*. Scott exerted a profound influence on nineteenth-century European literature. During his lifetime he was immensely popular"first as a poet, then later as a novelist." In 1783 Scott enrolled at the University of Edinburgh, where he studied history and law, and apprenticed at his father's law firm from 1786 until 1792, when he passed the bar. During his apprenticeship, Scott began to travel extensively in the Scottish Border country and Highlands, delighting in the natural settings and its rural inhabitants. <https://ebooks.adelaide.edu.au/s/scott/walter/ivanhoe/chapter1.html>.
